Leaving ירושלים to a place that keeps Purim on י"ד אדר (Thursday night / Friday):

If one left ירושלים before עלות השחר of Friday morning, and intends to remain there for the 14th, he must keep the halachos of Purim on the 14th, and should remain there for Shabbos. However, if one returned to ירושלים before Shabbos, he is required to keep all the mitzvos of Purim in ירושלים, and must eat the seudah and give משלוח מנות on Sunday; in addition to having kept all the mitzvos on Friday.

If one left ירושלים on Friday after עלות השחר, he is obligated to keep all halachos of Purim like ירושלים, even if he remains out of the city for Shabbos.

מתנות לאביונים:

Each person should give two עניים between 10-20 shekel each. If you can give more, it is better. One can give it to the Rav to distribute on Purim.

משלוח מנות:

Give two portions of food or drink to at least one person. The two foods can be the same beracha as long as they are different items.
